SUMMARY — Results-oriented Software Engineer with a strong foundation in full-stack development (Django, MERN) and a passion for leveraging Machine Learning to drive innovation. Expert in crafting robust, scalable software solutions using Python and a comprehensive ML toolkit. Proven ability to translate complex business requirements into efficient, production-ready code.

TECHNICAL COMPETENCIES

DSA LeetCode GFG Hacker Rank
Cloud GCP
Languages Java,Python,C(Basic),Javascript

Frameworks Django,MERN,
Libraries NumPy, Pandas, Scikit-learn
Version Control Git, Github,Docker(basic)

RECENT EXPERIENCE

Free Lancer: Web Development

Dec 2023-Aug 2024

Wordpress,MERN

- Took the responsibility of single handedly making 5 fully functional websites.
- Troubleshooted and resolved critical issues causing a WordPress website to crash, successfully bringing it back online.
- Worked with team of developers and made 1 fully functional websites.

Bharat Intern

Oct 2023 – Nov 2023

Web Development Intern

- Built 3 intricate web applications, demonstrating my expertise in web development.
- Netflix homepage: Built frontend of Netflix home page from scratch
- Temperature Converter: Using HTML, CSS, JS
- Portfolio Website: Built a portfolio website in Django

PROJECTS

Lectrius:Ev Recommendation System

May 2024 – July 2024

Machine Learning Project

Python,Django,HTML,CSS,JS,Scikit learn

- The Incorporates the hotels, Restaurants on high ways to enable long distance travel
- Recommends the User the shortest path to the charging station for their Ev.
- Leveraging KNN Model for Prediction of Ev.

Search Engine

Jan 2024 – May 2024

SDE project

MERN,Page Rank

- The project aims to create a system that efficiently retrieves relevant information from a vast dataset of documents
- The ranking algorithm determines the relevance of each indexed document to the query and orders the results accordingly.

Background Verification App

May 2023 – May 2023

Web Application

Python, Django, HTML, CSS, JS

- Built a RESTful API for providing data on Criminal Record
- Implemented this API in the web 2 app to generate a profile of the person.

CERTIFICATIONS

- GCP - Cloud Fundamentals
- GCP - Machine Learning
- GCP - Generative AI Pathway
- Udemy Coursera - Web Development

EDUCATION

Bangalore Institute Of Technology

Nov 2022- Jun 2026

Bachelor of Engineering in CSE:Data Science

Army Public School

Apr 2010- May 2022

Basic Education : I-XII
